Mattresses

Research has shown that bed bugs live and reproduce in the taped edge of mattresses. The Butler XP Plus Dual Firm mattress is designed with minimal tape exposure.

XP Plus Dual Firm all Foam Inverted Seam Mattress

- Features inverted seams to protect against bed bugs
- Full-scale fire tested to:
 - Boston Fire Dept. IX-11
 - California TB 129
 - ASTM 1590
 - Federal Standard 16 CFR 1632 (FF4-72)
 - CPSC 16 CFR 1633 Flammability Test
- Water resistant nylon cover
- 5 year non-prorated warranty

Bed Support

The Strong Arm Center Support System reinforces your bed's central area, which bears approximately 70% of your weight. In addition, the strategically placed support helps prevent warping, broken wooden slats, and damage to side rails cleats that hold your bedding.

9618001 Strong Arm 330 Bed Support

Double Box Spring

Twin Box Spring

Encasements

- Prevent bed bugs from entering the mattress or box spring, and trap existing bed bugs inside to prevent human contact
- Features patented BugLock® three sided zipper and innovative Secure Seal® which completely lock the encasement in place
- Provides superior allergy protection by preventing any allergens from entering or exiting through zipper
- The soft, smooth surface is waterproof and stain resistant, ensuring liquids stay out, while allowing the encasement to remain breathable and comfortable
