Construction

The methods allow for product longevity while providing great versatility, making it easy to access components on-site, often with one simple tool.

Foam

Only the highest quality, high-density foams are used, and are covered under warranty.

Environmental Friendliness

The uniqueness of our renewability and replacement system significantly extends the life of furniture, ultimately reducing contributions to the waste on our planet.

Moisture Barrier

A pliable waterproof membrane protects interior foams from any kind of liquid damage - spot cleaning becomes a simple task.

Fabrics

Hook-and-loop closures keep the fabric securely in place, yet allow easy on-site removal for cleaning and replacement on fully upholstered models.

Wood

The strong frame is made up of hardwood plywood and Baltic Birch plywood, providing the furniture with more stability than ordinary solid hardwood framing that can crack over time.

With over 20 years of experience in the human service industry, we understand how important it is to buy furniture that lasts. Low-cost furniture options are enticing but lead to replacing furniture within a year or two. This means spending more time and money, resulting in higher operating costs. Our upholstery is built from the inside out to ensure every component supports our high durability standard.

Custom Made Upholstery Program Warranty:

- 25-Year Warranty: Allure, Bridge, Canton, Cavetto, Moment, Rally
- 10-Year Warranty: Chill
- 3 Year Warranty: Fabrics

Any approved warranty items will be repaired or replaced free of charge.
